

Georgia Sea Grant only accepts proposals and applications that are submitted using its project management system, eseagrants (eSG) at [seagrants.uga.edu](http://seagrants.uga.edu).

***Instructions:***

1. Use your registered account information to log into eSG at (<http://eseagrants.uga.edu/>). If you don't have an account, please create one.
2. Go to the "Current Tasks" tab and select "Georgia Sea Grant FY2022-2024 Request for Proposals".
3. Select "Add Proposal," add your "Proposal Title," and click on "Continue."
4. On the "Start Here" page, verify your "Proposal Title" and add "Keywords."
5. Continue to click "Next" as you complete all the required information ("Principal Investigator," "Proposal Summary," "Focus Area(s) and SG Classification(s)," "Proposal Narrative," "References, and "Budget."
6. After completing all the information, click on "Submission Preview" and download your full proposal for your records.
7. You may continue to edit your proposal until the proposal submission deadline.
8. Click on "Submit" to officially submit your proposal to Georgia Sea Grant. **Please note that proposals that are not submitted via eSG will not be considered.**

For questions about application submission, review and approval process; the eSG system, please contact Mona Behl, [mbehl@uga.edu](mailto:mbehl@uga.edu).
